

YEAR 11

ARCHER +

ENRICHMENT PROGRAMME

Block Two

February 2020– May 2020

Welcome to Block One of your Archer Plus Enrichment Curriculum!

With this academic year being the last before you take your GCSE exams, it is important that you are able to fully reach your potential in all the subjects you are studying. The Archer Plus curriculum for Year 11 will help support and accelerate the learning of some of your GCSE subjects.

As you know, Enrichment is split into two blocks.

Block Two w/c Monday 10th February 2020.

Your enrichment sessions will continue until you go on study leave.

This guide explains what is on offer for **Block Two**.

How does Enrichment work?

Enrichment happens every Tuesday and Thursday as part of our extended day. Your lessons will finish at 2:30pm and you will then have a 15-minute break before registration. After registration you will start your enrichment. We encourage you to bring a drink and a snack on a Tuesday and a Thursday to have during your break. In your break you should get changed if you need to and go outside for some fresh air. After registration you need to go directly to your Enrichment classroom or meeting point ready for a **3:05pm start**.

Some courses are held at venues outside of school; so, make sure you know where you need to meet your course leader and be prompt to arrive.

Enrichment times

Tuesday: 3:05pm to 4:05pm

Thursday 3:05pm to 4:05pm

How do I make my choices?

You need to make a "Tuesday" choice and a "Thursday" choice for this Block. To help you to do this you will be shown a 'virtual fair' which will include videos with information about each Enrichment. This should hopefully enhance what you learn from the information in this booklet and will allow you to see the leaders of the different courses and find out more about what they are offering.

The virtual fairs will take place during registration time on **28th an 30th January**. You will also make these choices during this time. Before this date you should read this booklet carefully as it gives you an overview of the different courses available to you this Block. It is also a good idea to show this booklet to your parents and discuss what grabs your attention with them. This will help you make fully informed decisions for your **top five** choices on the day.

Once you have made your choices you need to complete a "Choice Form" very carefully. At the end of the virtual fair you will need to complete one form for your Tuesday choice and a different one for your Thursday choice and hand them in to your form tutor. Remember to choose carefully, as there will be **no changing Enrichments**.

The Archer Outcomes

The Archer Outcomes play a key role in measuring success at The Archer. This is also the case for Enrichment. Each Enrichment will focus on two of the Archer Outcomes:

- Analytical
- Articulate
- Collaborative
- Creative
- Reflective
- Resilient

In order to for you to work on a range of skills and make the most of Enrichment, we encourage students' choices to reflect a variety of the Archer Outcomes. Just like your normal lessons, Enrichment providers may reward you with a merit if you make a special effort in working towards the specific Archer Outcomes.

How will I be assessed in Enrichment?

It is important to recognise the progress and achievements gained from these sessions. For Enrichment you will be assessed in two formats:

Report Cycle Three:

On your third report of this academic year there will be a section showing your progress in both of your Enrichment sessions. This will be based on:

Pastoral: You will be given a grade for behaviour and effort

Archer Outcomes: Your progress towards these.

Golden Arrows:

The 'Archer Golden Arrow' is an award given by each Enrichment teacher to the one student who has made the most progress during the course of that Enrichment. Look out for what the description says you need to do in order to impress your teachers.
