

## **Note from The Archer Academy Trust**

Whilst the last three months have been difficult, the Archer Academy Trust, Governing Board and senior leadership team are pleased to have commenced the first steps of re-opening our school.

We will continue to provide remote learning for most year groups, but we are pleased to begin a phased re-opening of upper school, starting from 15th June, with our year 10 learners.

In preparation to open, the school has undertaken a thorough risk assessment that takes into account current guidance and following feedback from families. The staff team have worked tirelessly to ensure our school is safe, implementing a range of measures to enable students to confidently attend once more. It is these actions that mean the Archer Academy Trust has approved the plans to open the school.

The coming weeks will provide a valuable opportunity for year 10 students to engage in class-based lessons once again, and we will consider how this experience can inform the next steps in opening up our school in the autumn.
