Dear Candidate,

Thank you for your interest in the Archer Academy and the post of **Teacher of Design & Technology**. This pack is intended to give you information about this exciting role and our school's vision and ethos. Further background information is available on our website and in our prospectus – I would encourage you to review both.

Our vision for the Archer Academy is rooted in our desire to provide an outstanding, inclusive and aspirational education for local children that will prepare them for adult life. We cannot know exactly what the future will bring for our students, but by giving them a love of learning, adaptable skills and the determination to succeed, we will enable them to rise to whatever challenges they face.

We are a maturing 11-16 secondary school which opened in September 2013 in East Finchley, serving families in the surrounding areas of North London. The school was created to meet the needs and desires of parents, primary school governors and the local community, for a first-choice, non-denominational, coeducational secondary school.

We are significantly over-subscribed, with over 1100 applications for entry in September 2022. We became a complete school in September 2017 for the first time, with students in years 7 through to year 11. Our pioneer year group sat our first set of GCSE examinations in the summer of 2018. We have now secured four sets of GCSE results, which confidently place us in the top 10% of all schools nationally. We were graded 'outstanding' by Ofsted in June 2019.

We are a campus school, a model which we believe allows us to create a distinctive atmosphere on each site. Our students complete Lower School, Years 7 to 9, at our Stanley Road campus, a state of the art building with incredible facilities. Our students graduate to our Upper School at Beaumont Close, just a few minutes' walk away, in Year 10. Our campus provides each cohort the chance to grow and develop amongst their closest peers and creates a real sense of progress when students graduate to the college-like atmosphere of Upper School, a rite of passage they aspire towards. Our campus model also reinforces the small, community feel of our school.

We currently have 486 students in years 7-9 and 324 students in year 10-11. We are currently an 11-16 school working in a strategic partnership with Woodhouse College and Barnet and Southgate College for post 16 education. This partnership is dynamic and evolving rapidly, securing a third transition point for our students and professional development opportunities for our staff. We are ambitious to continue to develop this provision over the coming years and see ourselves very much as an evolving 11-18 school.

We are now confidently in our ninth year as school, we are firmly established, with a strong, experienced team in place. We are exciting about the opportunities ahead of us as a school as we seek to be beyond outstanding.

As we move into this next phase of our schools journey we are seeking an ambitious and talented teacher Design & Technology to join our school. This role represents a unique opportunity to join a thriving and

successful, department that is at the very heart of our school.

Our Art, Design & Technology Department secures outstanding results at GCSE, with large numbers of students taking subjects across the disciplines. The Art, Design & Technology Department has a high profile across the school, affording the successful candidate with an ambitious platform for future development. We are seeking a subject specialist in Design and Technology and Engineering; however, an aptitude to develop the teaching of Food Technology further would also be considered. Alongside, outstanding teaching and learning the department leads on a broad spectrum of extra-curricular opportunities and entry into a range of competitions.

As Headteacher one of my greatest responsibilities and priorities is the recruitment and development of staff. At the Archer Academy we are evolving our exceptional school and to do that, of course, we need an exceptional, fulfilled staff team. I ask a lot from my staff, but in return I can promise extensive support and development opportunities, and the space and freedom to extend your skills which would be hard to find elsewhere.

If, after reading the enclosed information, you would like to apply, please complete the application form which can be found at www.thearcheracademy.org.uk within the "Join us tab". Tours of the school are encouraged, with an opportunity to meet staff and students, and we would be delighted to welcome you to our school. Please contact Nicola James (details below) to arrange a visit.

Please submit your application by email to, Nicola James, Headteacher's PA & HR Manager, at recruitment@thearcheracademy.org.uk. Please do not hesitate to contact Nicola with any questions or to arrange a school tour.

Interview dates are as advertised.

Deadline for application: Midday on Tuesday 4th October 2022

Provisional interview date: Wednesday 01st October 2022

This is undoubtedly an exciting time to join the Archer Academy, as we move confidently into our next phase. We very much look forward to hearing from you and thank you for your interest in our school.

With my very best wishes,

Lucy Harrison

Our Vision

Our three-fold vision for the Archer Academy is rooted in our desire to provide an outstanding, inclusive and ambitious education for local children, an experience that they will relish and that will prepare them for adult life. It underpins every aspect of life at the Archer Academy and is the benchmark against which we measure our success.

Realising potential:

Helping students to achieve personally, socially and academically to the best of their abilities. Our outstanding teachers set high standards and challenge each and every student to fulfil their individual potential, both in their studies and through extra-curricular activities.

Inspiring creativity:

Providing an enjoyable and inspirational education that encourages students to be analytical, inventive and self-motivated. This commitment to creativity and analytical thinking applies across the whole curriculum as well as our extra-curricular opportunities.

Engaging with our community:

Ensuring that students respect others and value working with others for mutual benefit. The Archer Academy is a school with its roots in the community, and so responsibility and participation are fundamental to our ethos.

Supporting our students

We create a culture that celebrates achievement in all aspects of school life. For the school, good behaviour and firm discipline underpin a happy, respectful and productive learning environment.

We also offer an extended day twice a week, during which students take part in extra-curricular activities. We provide a broad enrichment programme that covers: sports clubs and teams; creative arts societies; media and politics; vocational and entrepreneurial societies; and voluntary work and awards schemes.

Our School

We want to ensure that our students enjoy their learning and make good progress. We promote an active and inclusive culture of learning, ensuring that our students are inspired and fully involved in developing their skills, knowledge and understanding across all areas of school life and believe that a strong pastoral ethos and structure is a core component in achieving this.

We have high expectations of all our students and motivate them to have the high aspirations which drive a desire to achieve more than they thought possible. Our students are respectful and purposeful in their learning.

We aim to ensure that each student realises their potential whilst at the Archer Academy. We have a creative and academically rigorous curriculum which is designed to support, stretch and challenge all students.

We have high expectations of all our students and motivate them to have the high aspirations which drive a desire to achieve more than they thought possible. Our students are respectful and purposeful in their learning.

Our students receive regular guidance from their subject teachers and form tutors on their progress, they know their current attainment and what they need to do to improve. Our students are developing their skills as independent learners and their abilities to be empowered and successful students.

We focus clearly on developing our students as lifelong learners with the skills they need for their futures. Students' literacy and numeracy skills are explicitly developed both within, and outside, the classroom.

Job description **Teacher of Design & Technology MPS/UPS**

The teaching and provision for Design & Technology at the Archer Academy is held with high regard. Creativity and the opportunity to inspire our student's creativity is core to the values of the school.

Students at the Archer Academy are enabled to develop a breadth of skills across the Design & Technology disciplines; as a school we specialise in Product Design, Engineering and Food Technology but are keen to explore wider curriculum development and subject specialism in the future.

The Department is well resourced with three specialist Design and Technology studios across our campus. The facilities are excellent, with dedicated ICT provision, facilities include large laser cutters, 3d printers, pewter casters, lathe, band saw and circular saw. The Department has two specialist Design and Technology teachers and two technicians, alongside wider colleagues who specialise in Art and Photography within the team.

The department regularly engages with the community through our annual Big Draw Week, where we invite designers and engineers into our school to run workshops on their area of expertise. We also develop students understanding of design and engineering through regular trips and our enrichment and extracurricular provision.

The ADT Department

The Art, Design and Technology Department focuses on the development of an ambitious offer which stretches and challenges our most able students while encouraging enjoyment for all. As a Teacher of Design and Technology, it is essential colleagues are a strong specialist in their own right, in the classroom and/or other platforms, to generate themselves as a role model for the department and students. We seek a Design and Technology and Engineering specialist who is able to design creative and exciting lessons from Year 7 to Year 11. Additionally, a colleague who is committed to expanding our enrichment and wider curricular provision across the specialisms through clubs, entry into competitions, cross curricular work across the STEM curriculum and career pathway development. Our students are curious and ambitious, with many aspiring to future careers in engineering, architecture and related to fields.

The different specialisms within Design and Technology are incredibly popular across the school. Our curriculum is deliberately designed to promote creative subjects with student having the opportunity to choose to follow a GCSE Foundation Year course, in GCSE Product Design, VCERT Engineering or VCERT Food Technology in Year 9. This foundation year provides the opportunity for student to explore the specialisms, providing a bridge towards GCSE level.

The popularity of the subjects is most evident at Key Stage Four, currently there are large classes in all specialisms, with DT students studying the OCR GCSE DT specification. Additionally, VCERT Engineering is offered as a Year 9 course and KS4 subject.

This role provides the successful candidate with the opportunity to join and then further secure the profile and culture of STEM and Design & Technology within our school.
